

Size + Quality

Get the perfect fruit with **WUXAL® K40**

AOC
approved
by
Zespri

Get both size and quality with this highly concentrated potassium-rich foliar fertiliser for supplementary nutrition. Due to its micro-nutrient content, Wuxal K40 is also suitable for the prevention of trace element deficiencies.

- Improves sugar content, firmness and fruit surface colour.
- Increases fruit size through cell enhancement.
- Has a stabilising effect on plant health.
- Safe and easy to handle.

Contents: K fertiliser suspension 3-25-2 MgO and micro-nutrients.

	% w/w		g/L	
3	% N	Total nitrogen	47	
25.5	% K ₂ O	Potassium	400	
21.2	% K	Potassium	332	
2	% MgO	Magnesium	31	
1.2	% Mg	Magnesium	19	
0.02	% B	Boron	0.31	
0.05	% Cu	Copper	0.78	The cationic micronutrients (iron, copper, manganese and zinc) are fully chelated (EDTA).
0.1	% Fe	Iron	1.57	
0.05	% Mn	Manganese	0.78	
0.001	% Mo	Molybdenum	0.016	
0.05	% Zn	Zinc	0.78
