

# Get a great bulk buy **deal!**

when you buy order sizes of 10, 20 and 42 bags

## NovaTec®

An innovative granular fertiliser using the latest sustained-nitrogen technology to reduce nitrogen losses from leaching and volatilisation. For base and side dressings.

- ✓ reduced leaching = reduced number of applications
- ✓ improved yield and quality due to extended N supply
- ✓ positive pH effect in the rootzone
- ✓ uniform prill size
- ✓ dust free
- ✓ includes magnesium, sulphur and micro-nutrients.

## Blaukorn®

A premium quality granular fertiliser for base and side dressings.

- ✓ fast acting nitrogen source with both ammonium and nitrate N
- ✓ includes magnesium, sulphur and micro-nutrients
- ✓ potassium from SOP
- ✓ uniform prill size
- ✓ industry leading granule strength and dust free.
