Triabon®

- Repeatedly No. 1 in grower trials.
- Provides a quick "green up" followed by 3–4 months feeding.
- Works well in cool temperatures.

Triabon® Extend

Triabon® Extend is an extended 5–6 month release version of Triabon®.

Nutri-Feed Xtra Hi Iron

- Quick and sustained "greenup".
- Contains 18% Nitrogen — 80% as 5–6 month slow-release.
- Low Phosphorus content — can be used for all plant types.

Floranid® Club

- High in potassium and magnesium.
- Contains both fast-acting and slow-release nitrogen.
- Releases slowly over 2–3 months — no growth flushes.

Offer valid until 31/05/17 or while stocks last.
