#### Directions for use

Situation	Use Rate	Critical comments
-----------	----------	-------------------

Spray tanks, hoses, lines and all associated spray equipment.		Clean spray equipment immediately after spraying is completed. Drain the tank, then flush tank, boom and hoses with clean water for a minimum of 10 minutes. Half fill spray tank with clean water and begin agitation. Slowly add Boom Tank Cleaner and top up with water. Agitate vigorously for 15 minutes and recirculate. Use the hand lance or return hose to clean top of tank and around filter basket. Open spray booms and spray out. Re-fill tank with water, agitate for 5 minutes and recirculate before spraying out.
	100 grams per 100L	
When sprayer is to be re-used immediately		
Persistent chemicals or end of season cleanout. Preparing sprayer for storage.		Allow mixture to stand overnight before spraying out.  Do not give final rinse until required for use as Boom Tank Cleaner leaves a protective coating.
Nozzles and screens /filters.	30 grams per 10 Litres	<b>Remove and clean separately.</b> Immerse in solution of Boom Tank Cleaner and allow to stand for 15 minutes. Remove any residue with wire brush. Rinse in clean water.
Stain removal from spray equipment.	30 grams per 10 Litres	Mix Boom Tank Cleaner in a bucket and scrub stained areas with stiff brush. Wear rubber gloves.

**NOT TO BE USED FOR ANY PURPOSE OTHER THAN INDICATED ON THIS LABEL  
UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

#### GENERAL INSTRUCTIONS

SST PRODUCTS Boom Tank Cleaner is a mixture of chelating agents and detergents which can be used to cleanout spraying equipment and decontaminate most pesticide residues. Treatment with Boom Tank Cleaner should be carried out when changing between pesticide types and for end of season cleanup. THIS PRODUCT WILL NOT REMOVE ALL RESIDUES OF SULFONYLUREA HERBICIDES. In this situation spray equipment should be decontaminated with a chlorine solution such as SST Products Chloroflush.

#### FIRST AID

If poisoning occurs contact a doctor or Poisons Information Centre (Ph 13 11 26). If in eyes, hold eyes open and flood with water for at least 15 minutes and see a doctor. Additional information is listed in the Material Safety Data Sheet.

#### CONDITIONS OF SALE

The use of SST PRODUCTS Boom Tank Cleaner being beyond the control of the manufacturer, no warranty expressed or implied is given by SST PRODUCTS Pty Ltd regarding its suitability, fitness or efficiency for any purpose for which it is used by the buyer, whether in accordance with the directions or not and SST PRODUCTS Pty Ltd accepts no responsibility for any consequences whatsoever resulting from the use of this product.
